A message from Mrs Hodge

A huge thank you to all the local businesses in the community who have provided work placements this year. With your continued support the students at Halls Head College Education Support Centre have had the opportunity to experience and demonstrate their Core Skills for Work, while exploring their job interests into the future.

Endorsed Programs

The students have been enrolled in Endorsed Programs through the School Curriculum and Standards Authority (SCSA). Both programs contribute to the Western Australian Certificate of Education (WACE) Statement of Results or Western Australian Statement of Student Achievement (WASSA). Authority Developed Workplace Learning (ADWPL) requires the students keep an up to date logbook and to complete a Skills Journal of 10 questions (after every 55 hours).

The students are also required to complete a minimum of 55 hours in the workplace and demonstrate a variety of Core Skills for Work that have been identified by employers as being highly desirable. The Preparatory Award Towards Independence module, Work Awareness (WA) provides an opportunity for students to experience a work environment in local businesses and learn about and begin to develop skills in a variety of industries.

Most students participated in Workplace Learning over two school terms which provided the students with an opportunity to participate in a supported work environment in the community and develop skills that are transferable to all forms of employment or further training.

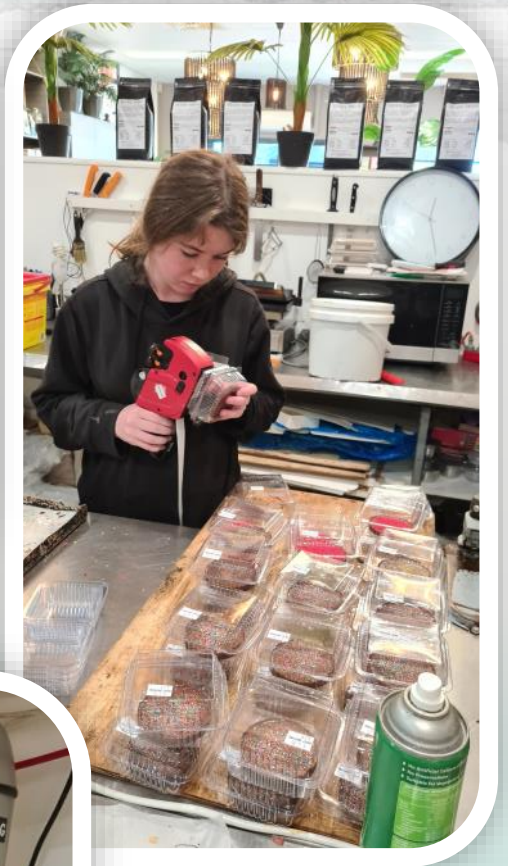

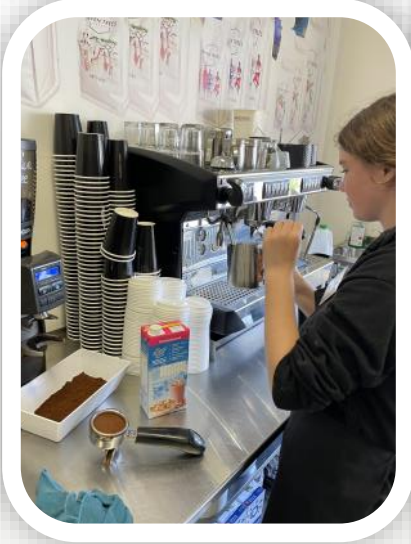

Sandy Hodge
Program Coordinator

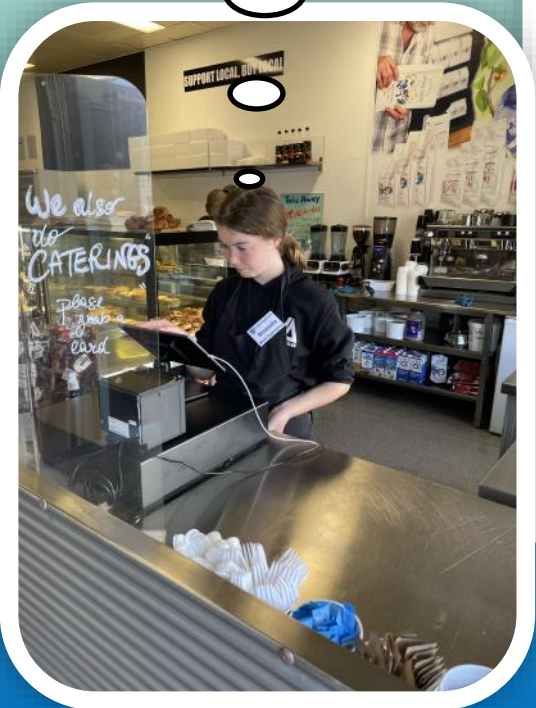

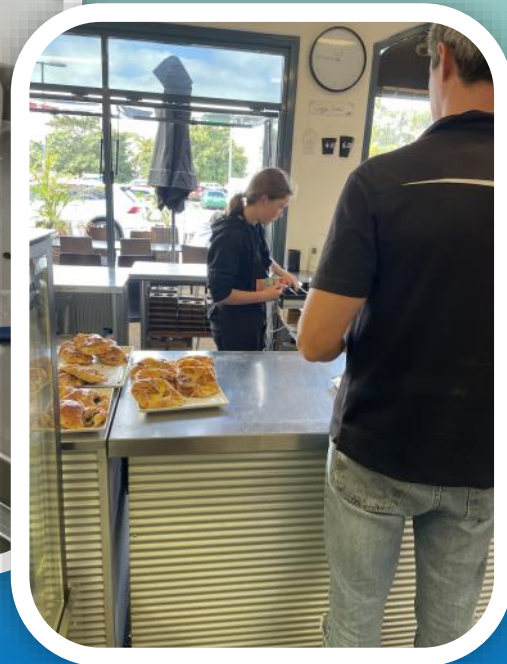

A big thank you to our wonderful staff. Workplace Learning would not be possible without the dedication and support of our staff members:

Michelle Lockley, Sam Furr, Lynne Smith, Lisa Wilson, Annabelle Beeton,

THANKS TO OUR EMPLOYERS

It has been a very successful year of Workplace Learning, which would not have been made possible if it wasn't for our employer's below. These businesses take the time from their regular duties to ensure our students are supported by mentors and have the opportunities to learn Core Skills for Work, in an encouraging environment.

Our students continue to work on their keys for success (confidence, resilience, organisation, getting along & persistence) in their workplaces with the support of our fantastic school staff.

Thank you for another successful year of workplace learning.

Michelle Lockley

Structured Workplace Learning Support Officer

May I take this opportunity to thank all the Employers who agreed to support our school WPL program for 2021.
